

## Supplier Information concerning Regulation (EC) No. 1907/2006 – REACH

Peltzer & Co. GmbH is a manufacturer of standard and control components, technical plastic parts, as well as metal-plastic combinations.

We confirm that we are aware of the requirements of the EU chemicals regulation (EC) No. 1907/2006 (REACH) and that these requirements are observed within our area of responsibility.

To the best of our knowledge, the products supplied by Peltzer & Co. GmbH contain only substances or mixtures that are registered under REACH, where registration is required, comply with the authorisation requirements of Annex XIV and meet the relevant restrictions of Annex XVII.

**Since 04 February 2026**, the Candidate List of Substances of Very High Concern (SVHC) comprises **253** entries. Our upstream suppliers are contractually obliged to comply with all applicable REACH requirements.

### **SVHC Notice:**

On **June 27, 2018**, **lead (CAS No. 7439-92-1)** was added to the Candidate List. In numerous individual components of our articles, lead is still present as an alloying constituent. According to the current legal situation, the use of these products remains permissible and safe; no additional safety documents are required.

The assessment is based on DIN EN IEC 63000.

Further information on SVHC substances contained in specific articles can be provided on request in accordance with Article 33 REACH.

This document supersedes the version dated October 31, 2025.
